About Bodoland University

Bodoland University was established by an act of the Assam Legislative Assembly on 28th February, 2009 with the objective of higher education accessible to students in lower Assam in general and to various communities in Bodoland Territorial Area Districts (BTAD). This is the only University in the region providing quality higher education and plays important role in all round human resource development of the people and the society of the region. The picturesque campus of Bodoland University at Debargaon in Kokrajhar is surrounded by several institutions of higher education and research. The university offers an ideal environment for academic interaction and exchange of ideas across academic disciplines. The serene surroundings and excellent academic and infrastructural strengths make Bodoland University a perfect academic venue for traditional wisdom and contemporary knowledge.

Google Location Map of Bodoland University

The university is situated at Rangalikhata, Debargaon, which is approximately 9kms. from Kokrajhar town. The Bodoland Martyrs Cemetery is adjacent to the University campus, the Central Institute of Technology (CIT) is at a stone's throw and the upcoming campus of Medical College is just across the Gaurang river behind the campus of the university. The university is blessed with natural landscape that reflects a living synthesis of people. The construction of academic departments, plant tissue culture cell and botanical garden are underway in the Hadabari site for expansion of the academic activities of the university. The serene surroundings and excellent academic and infrastructural strengths make Bodoland University a perfect place for academic enrichment on traditional wisdom and contemporary knowledge.

The nearest Rupsi airport is at a distance of 66 kms., the Gopinath Bordoloi International Airport, Guwahati is 191 kms. from the Kokrajhar and Bagdogra Airport in West Bengal is at 200 kms. distance. University is well connected by road and rail as well. This is also strategically located at a distance of 45 kms. from West Bengal, 50 kms. from Bhutan and 110 kms. from Bangladesh. This makes Bodoland University possible to cater to the needs of higher education for students from the neighboring countries including Bhutan, Bangladesh and Nepal.

The University Motto, Vision and Mission

Motto

“Shraddhavan labhate jnanam” means people with shraddha (intelligent faith) can only imbibe knowledge.

Vision

Bodoland University aspires to be a leading public university that can indoctrinate moral values, scientific temper, socio-cultural, economic and political leadership qualities into students in order to meet the regional, national and global challenges.

Mission

1. To impart value-based education leading to holistic sustainable development.
2. To conduct need-based location research and development of the highest quality with a wide range of interest.
3. Keeping clear focus on the advancement of technology, efforts to be made to increase efficiency of existing technology, to optimize the use of natural resources and to preserve the environment.
4. To ensure access of all sections of the society for higher education keeping in view the prevailing socio- economic deprivation.
5. To inculcate women empowerment potential through education.
6. To protect, preserve and promote ethics and cultural heritage pertinent to the location in particular and country in general for furtherance of national integrity.
7. To provide up-to-date, relevant and need based knowledge.
8. To promote flexible, effective governance.
9. To create linkage with concerned centres of advancement excellence in the country / abroad.
10. To promote high calibre students who are expected to play leading roles in their chosen carries ensuring and sustainable social actions. The University should be a breeding ground of new generation of human resource who would be job creators, not job seekers.

University Logo

The Logo of Bodoland University presents an eternal epistemological quest. It reflects on the motto of the University, viewed as a temple where knowledge is power, devotion, strength and a journey in the continual wheel of life. Juxtaposing the socio-culture, economic, historical and Indian mythological images of rice grain, the usual pattern of Aronai and the lotus, it respectively stands for hard work, prosperity, art, divinity and purity. The pink Supreme Lotus untouched by the impurities despite growing in the mud encompasses new talents irrespective of one's caste/creed/race/country, representing purity of heart and mind. The blending of traditional instruments like Siphung (flute), Kham (drum), Jotha and Serja (sarangi) resonate a soulful imaginative rhythm encouraging creativity, love and peace. Here the bright yellow colour usually akin to Chinese Dragon, Chinese ancient art and architecture reiterate the Mongoloid affinity of the Bodos and also connects to their traditional dress, weaving and women participation. It is an all-inclusive emblem that disseminates light all around and within us to redeem and master newer horizons in the present and future.

Governance and Organizational Structure

The University Court is the supreme policy making, governing and appellate body of the University to review the broad policies and programmes of University and to suggest measures for the improvement and development of such policies, programmes, work and other affairs, to consider and approve the budget, the annual statement of accounts, the audit report, to consider the annual report and to consider for approval Statutes submitted by the Executive Council. International webinar held at Bodoland University

STAFF REPORTER

GUWAHATI, July 23: An on-line international webinar was conducted by the Department of Geography of Bodoland University in collaboration with the varsity's Research Innovation and Extension Committee for NAAC on July 19 and 20.

The webinar was organised keeping in view some of the essential methodological requirements of young researchers in different humanities, social sciences as well as general sciences.

The first lecture of the webinar was delivered by Prof Hiranaya K Nath from the Department of Economics and International Business, Sam Houston State University, Huntsville, US.

In the lecture titled 'Understanding Research Integrity, Ethics and Plagiarism', Prof Nath spoke about the basic need for honesty on the part of a researcher to contribute something new to the vast ocean of

knowledge.

In his inaugural speech, Prof Laishram Lada Singh, Vice-Chancellor of the university, set the stage for intellectual deliberation by talking about the importance of maintaining integrity and research ethics.

Dr Rituparna Bhattacharyya, Senior Fellow, Advance Higher Education and Editor-in-Chief (Joint) of *Journal of Space and Culture* delivered the second lecture titled 'Working for Scholarly Outlets' where she deliberated on various steps and methods to be followed by researchers for writing good research articles that can be published in good and reputed journals.

The coordinator of the webinar, Professor Sujit Deka said that the recordings of the lectures would be later shared on Youtube for the benefit of researchers all over the globe.
