About CTS-2026

The One-Day Regional Conference on ***Current Trends in Science*** aims to provide a vibrant platform for academicians, researchers, scientists, and students to exchange ideas, present innovative research, and discuss emerging advancements across interdisciplinary domains of science. The conference seeks to foster collaboration and promote scientific research addressing contemporary challenges in science and technology, with special emphasis on sustainable development, innovation, and societal impact.

About the Institute & BSC

Bodoland University was established by Bodoland University Act 2009, passed in the Assam Legislative Assembly. Bodoland University aspires to be a leading public university that can indoctrinate moral values, scientific temper, socio-cultural, economic and political leadership qualities into its students in order to meet the regional, national and global challenges. As of now, the university has 17 departments with PhD, PG and 5 Year Integrated PG programs and more than 60 affiliated institutions.

The **Bodoland Science Congress (BSC)** was established in 2025 for promoting scientific temperament, research, and innovation among teachers, students and the general public towards popularization of science. It is a non-profit and non-political organization under the jurisdiction within the Bodoland Territorial Council (BTC) area in the state of Assam. The organization aims to facilitate knowledge dissemination, foster scientific ideas, and encourage collaboration among students, teachers, educators, and researchers of different universities/institutions/colleges of similar mandate in the BTC area to extend greater support.
